

AF-22

Food grade anti-foam emulsion

Properties

AF-22 is a premium anti-foam compound that is designed for all-purpose defoaming, or for use in food contact situations. It is effective in brines, soups, flumes, and a variety of food processing situations. It contains no oils, fats, esters, adulterations, allergens, or genetically modified ingredients. In addition, it uses only Kosher (Passover) certified ingredients, has appropriate certifications, and may be used for these applications.

Applications

AF-Concentrate is acceptable for use in food plants inspected by the USDA, and uses only food-grade chemical ingredients allowed by the FDA in accordance with 21 CFR 173.340. It may safely be used in or on food or beverages.

Physical Properties

Color	White, opaque
Scent	Odorless
Density (20 °C)	1.00 g/mL (8.33 lbs/gal)
pH (#1)	6-8
Activity	10%
Shelf life	1 year

Directions for Use

Normally AF-22 can be used at dilutions as low as 1 oz per 5,000 gallons for defoaming mild systems. Additional product may be used in difficult systems. It is normally fed directly from the drum or container, mixed with water, and then added to the foaming system.

Authorizations

AF-22 may safely be used as a defoamer or to wash fruits and vegetables in accordance with 21 CFR 173.315, and in all processed foods/beverages in accordance with 173.340. A rinse is not necessary.

Packaging

This product is available in 4x1 gal cases, 5 gal pails drums, 55 gal drums, 330 gal totes. Larger sizes available on request.

Important: Read and understand label and Safety Data Sheet (SDS) for complete listing of hazards, precautions, first aid statements, and storage and handling information. SDS Sheets are available from the distributor of this product. 24-Hour Emergency Response Line 1-800-255-3924.
