

CARPET MASTER

CONCENTRATED CARPET, FLOOR AND UPHOLSTERY CLEANER

Properties

This product is a low foaming liquid concentrate that is an alkaline/amine based formula designed to quickly clean upholstery, carpets and other equipment. It may be used manually with hot or cold water and may also be used through hot water or 'steam' cleaners. It is highly concentrated and is pleasantly scented.

Physical Properties

Color	Colorless, clear liquid
Scent	Slight fragrant odor
Density (20 °C)	1.03 g/mL (8.6 lbs/gal)
pH	N/A
Solubility in water	Not water soluble

Directions for Use

There are many types of fabrics and dyes used for carpets and/or upholstery, some of which may not be compatible with this product. Always test product on inconspicuous spot prior to using CARPET MASTER. CARPETS: When used as a carpet steam cleaner additive, dilute with 20-40 parts water, depending on condition of carpet. For best results, spray onto carpet with sprayer (using warm or hot water) at the recommended concentration and let soak for 10 minutes prior to steam cleaning. No soap is necessary in the hot tank if sprayed on carpet in this manner. For general purpose carpet cleaning dilute this product at the rate of 2-4 oz. per gallon. UPHOLSTERY: Pre-treat upholstery by spraying solution onto fabric prior to steam cleaning or extraction. Mix CARPET MASTER at 3-6 oz. per gallon of water and spray onto fabric. Allow to stand for 5-10 minutes prior to extraction. Hot or cold water may be used.

Packaging

This product is available in 4 x 1 gallon cases and 5 gallon pails. Larger sizes available upon request.

Important: Read and understand label and Safety Data Sheet (SDS) for complete listing of hazards, precautions, first aid statements, and storage and handling information. SDS are available from the distributor of this product. 24-Hour Emergency Response Line 1-800-255-3924.
