Here are the measurements on the Subway Style machine!

The Subway models are:

35" tall from floor to cabinet top

25" wide not counting toggle switch handles on the door (additional 1")

27.25" wide when door is open 90---degrees

31.5" back wall to tip of the front switches (includes 4" space from cabinet to wall)

53.5" from back wall to outward tip of the open lower inspection door, open 90---degrees.
